Missing information could cost you a
\$50 IRS penalty.

Please update your information so you get credit for having health coverage!

Hi,

We wanted to let you know that some of your health plan account information needs to be updated. Right now, our records for you and/or the dependents on your health plan don't quite match up with the IRS records, but we know you've had coverage! So help us straighten this out: Contact your HR representative today, and update your information so that the name, date of birth and Social Security number or taxpayer identification number for everyone covered by your plan match what's on file with the IRS.

Please give your updated information to your HR representative today so you can avoid a \$50 IRS penalty.

Thanks for trusting us with your health coverage,

Florida Blue
